The above list will guarantee a minimum of 5 make-ups (4 break outs) for casing and 10 make-ups (9 breakouts) for tubing  
 The compounds above do have a temperature limitation and this value can be provided by contacting VAM Services  
 For the latest version of this table please see the online version of the VAM Technical Book

**Definitions**  
 OSPAR Oslo Paris Convention  
 HOCNF Harmonised Offshore Chemical Notification Format  
 OCNS Offshore Chemical Notification Scheme

**Note : An alternative to thread compounds is to specify CLEANWELL, our dope free and environmentally friendly solution, when ordering your casing and tubing.**  
**Contact VAM Services for more information.**
